

TREATY DECISIVELY VOTED DOWN

Effort To Declare
War With Germany
At End Also FailsTreaty Will Come Up Again At The
Next Session Of The Congress
Meeting December 1st

WAR TIME LAWS TO CONTINUE

WASHINGTON, Nov. 19.—After a desperate parliamentary struggle the Senate just before 10 o'clock tonight by a vote of 51 to 41, rejected the treaty of peace with Germany by defeating, for the second time, the Lodge resolution with the drastic reservations of the Foreign Relations Committee majority, which was opposed by President Wilson, who had written Senator Hitchcock that the reservations were not acceptable.

"The treaty is dead through the votes of the Democratic minority," said Senator Lodge. They stubbornly refused compromise when it could have been made. The opportunity was gone, once the Senate reached the voting stage."

This defeat of the treaty was brought about by the administration Democrats, aided by eight of the irreconcilables among the Republicans. Earlier in the night, the Senate, by a vote of 55 to 39, had defeated the Lodge resolution. It came up again, however, after various parliamentary moves during which the administration forces endeavored vainly to substitute resolutions embracing reservations of their own.

Immediately after the last vote, which spelt the doom of the treaty as far as this session of Congress is concerned, Senator Lodge, the majority leader, offered a concurrent resolution, declaring a peace to exist between Germany and the United States, this being done so as to pave the way for an independent treaty with Germany.

Inasmuch as the House had adjourned since the Lodge resolution had to go over until the next session of Congress, which meets December 1. The Senate after disposing of the treaty tonight, also adjourned sine die.

War-Time Laws Continue

One effect of the Senate's failure to ratify the treaty will be continuation of various war time laws and regulations, at least until the new session opens. Among these is the war-time prohibition act.

WASHINGTON, Nov. 20 — President Wilson is expected to submit the treaty at the next session of Congress starting December 1, in order to obtain its ratification. The treaty is dead today so far as this session is concerned. It went back to Wilson following its failure at ratification at the final session last night.

The Lodge resolution of ratification containing the reservations was turned down by a vote of 41 to 51.

The resolution of unqualified ratification was defeated 38 to 59.

Senator Hitchcock who summoned the administration forces last night declared today Wilson would submit the treaty at the next session.

LONE BANDIT DEFIES ALL ARMED
FORCES OF STATE OF WYOMING

MEDICINE BOW, Wyoming, Nov. 20—Bill Carlisle was still at liberty early today. He has out-guessed and out-witted a troop of U. S. Cavalry, blood hounds, cow boys, armed railroad guards and civilian posses in his hold up of the Union Pacific Express to Los Angeles Tuesday night. Railroad officials were waiting today to see where he would break out next.

The last clue to Carlisle's whereabouts came from Casper, Wyoming, where he was reported to have entered a newspaper office and inquired how the chase was progressing. Robber Roost, a wild country near here, is being combed by the posse and the wilderness on the northwest is also being closely watched.

CHEYENNE, Wyo.—The biggest soldiers and sailors," convinced the man hunt in Wyoming's history was staged the hold ups. In three train U. S. Cavalry, assisted by twelve robberies in Wyoming in 1916, for armed posses, were on the trail of which he was sentenced to life imprisonment. Carlisle showed considerable for women and children. Carlisle in the recent hold ups, defied armed guards, who had been placed on the trains to capture him. One guard on the Los Angeles Express fired at him point blank but missed. Carlisle ransacked a special train on a siding, which had just been left by a posse in pursuit of him. Every train going through Wyoming yesterday carried armed guards on the look out for Carlisle.

The bandit's statement, "I am not robbing old men, women, children, out for Carlisle."

DISTRICT ATTORNEY ARNOLD STARTS
MACHINERY TO COMBAT HIGH PRICESLAUNCH AMERICA'S
GREATEST SUPER
DREADNAUGHT TODAY

MARE ISLAND, Cal., Nov. 20.—America's greatest superdreadnought, the California, was launched here today.

Electrically driven and said to be proof against torpedoes and mines, the California represents the last word in naval perfection. She carries the greatest armament of any vessel in the world.

Mrs. Randolph Zane, widow of Major Zane, who died of wounds received in France christened the vessel. She is the daughter of Gov. Stephens.

The California has twelve 14-inch guns, four submerged torpedo tubes, 25 two-inch rapid fire guns, four 6-pounders, two 1-pounders, four 3-inch anti-aircraft guns and other guns of smaller caliber.

The ship will be manned by 1,022 men and 58 officers.

The keel of the California was laid October 25, 1916, but during the war work was diverted to smaller vessels to combat submarines. The work was rapidly completed after fighting ceased.

The dimensions of the ship are: Length over all 624 feet; breadth 96 feet; depth, 47 feet 2 inches; mean draughts 30 feet 5 inches; displacement, 32,000 tons. She will make 21 knots and has a normal fuel capacity of 1,900 tons.

The California is a veritable electrical ship. From firing of guns to ventilation, all is done electrically.

Her protection is said by naval experts to approximate 30 per cent. over the best pre-war battleships.

LUTHERANS WILL BANQUET
FATHERS AND SONS

The "Dads" and "Boys" of the Lutheran church are looking forward to Friday night, when they will gather around the festive board to conclude the Father and Son program, which was so ably presented last Sunday morning both in the Sunday School and Preaching Service. Wm. M. Rife of Huntington, Pa., a noted educator and lecturer, will supplement the program by an address of special interest to men and boys.

"The Willing Helpers" are in charge of the Banquet Table and that is sufficient proof that the inner man will be well taken care of.

Every Lutheran Father and Son who fails to be present, will miss a rare treat.

TREATY AFFECTS STOCKS

NEW YORK, Nov. 20—Most lending issues opened lower on the stock market today following last night's treaty ratification failure. Crocodile however was up 5 points at 185 and American Locomotive up 1-4 at 92, and American Sugar up 1-8 at 133 5-8. United States Steel opened at 102 1-2 off 1, Central Leather at 94 1-4 off 1 1-4, General Motors at 304 off 5 7-8, United States Rubber at 114 off 2 3-4, and Bethlehem B. at 91 1-2 off 1.

ACCIDENT AT STEEL PLANT

Two men were injured in an accident at the Nickel-Alloys plant at Hyde City this afternoon. One man had a foot broken and a couple of fingers mashed while the other suffered several cuts and bruises.

REWARD OFFERED

A reward of five pounds of sugar will be given for information leading to the recovery of a standard six pound double bitted axe, taken from the office of the County Commissioners recently. If in line for the sugar notify the Commissioners' office. No questions asked.

COMMONWEALTH A FAIR PRICE
COMMITTEE IS NAMED BY HIM

ISSUES STATEMENT TO THE PUBLIC

The cost of living has advanced until it is well nigh intolerable. It contributes largely to a great unrest. Lessened costs means fewer strikes, for the burden of their protest is the cost to live. It has become a necessity that the cost of living be reduced if humanly possible.

With this in view the Governor of Pennsylvania acting with the Attorney General of the United States, has requested the District Attorney of each County to appoint a "Fair Price Committee", to investigate and state the fair prices of food stuffs.

The Mayor of DuBois is to appoint a separate Committee, and any Borough may do likewise if they desire. All the Committees will act in conjunction.

We want the sincere cooperation of the whole body of the people, and we believe that the force of public opinion will be back of the committee, as well as the Federal, State and County authorities.

After obtaining the facts and figures a Fair Price List will be issued.

The Governor suggests that the Fair Price Committee be composed of the County Food Administrator, a representative of organized labor, a wholesaler, a retailer and two housewives. But the sources of information will not be limited to the members.

Because of the frequent meetings necessary it becomes obligatory that the members live in one community.

The following "Fair Price Committee" for the County of Clearfield is therefore appointed, the District Attorney to be a member ex-officio thereof:

Chairman, Albert D. Bigler, Food Administrator for Clearfield County.

Walter W. Zerby, manager of Clearfield branch of Lauderbach-Zerby Co., wholesale grocers.

M. M. Overly, retail grocer, Clearfield, Pa.

Woods M. Neff, of the Brotherhood of Locomotive Engineers, Clearfield, Pa.

Mrs. L. D. McDowell, housewife, 902 E. Dorey street, Clearfield, Pa.

Mrs. Robert B. Lynn, housewife, 602 South Second Street, Clearfield Penna.

ANARCHISTS PLAN REIGN OF TERROR
MAILING BOMBS AS XMAS PACKAGES

PHILADELPHIA, Nov. 20—A nation wide lot to institute a reign of terror on Christmas morning was being investigated here today. Police believe that anarchists throughout the country are preparing to send through the mails, bombs and infernal machines disguised as harmless Christmas packages. The word has been sent to federal officials everywhere. An official of the bombing squad here unearthed the evidence of the scheme and turned the information over to Police Superintendent Robinson.

Validity Of Present Law

QUICK DECISIONS EXPECTED

WASHINGTON, Nov. 20—Attorneys for the liquor interests and the government began their legal battle over the constitutionality of war time prohibition before the Supreme Court today.

The opening move was made on the request of Wayne Wheeler, counsel for the Anti-Saloon League who filed a brief in support of the government. This was granted by Chief Justice White. The court was crowded to capacity. Outside, a long line up for a block away and awaited admittance.

Elihu Root, Levy Fere and Wm. Marshal Bullitt were in court behind a mass of papers making the argument for the liquor interests.

Assistant Attorney General Frierson was ready to make the main argument for the government assisted by Solicitor General Clegg.

The Anti-Saloon League in its brief claimed that prohibition was necessary to the welfare of the country. "The breweries," he brief said, "were using sixty-four million pounds of sugar year, and enough grain to feed seven million people a year. The breweries in 1917 used three million tons of coal and required 3,500 teams and cars including 200,000 freight cars." Frierson made the opening argument.

Mayer, liquor attorney asked for more time for the argument at this was refused by Chief Justice White.

"Present circumstances," Frierson said, "have not ended the war powers of Congress and the emergency has not ended. He war powers of Congress and the emergency has not ended."

"Wasn't war time prohibition signed after the armistice?" Justice McReynolds asked.

"Yes Sir," replied Frierson.

"And you contend it was to exercise war powers."

"Yes sir, because the war is not ended until the treaty is adopted."

"Suppose that the treaty is never put into effect would you continue this forever?" McReynolds asked.

"It must be continued until there is some act of the President or Congress officially ending the war," Frierson replied.

"Wasn't the Civil war extended beyond hostilities and didn't the court hold that the war was not ended until the President's proclamation?" Chief Justice White interrupted.

"The hostilities of the Civil war ended in the spring of 1865 but the President did not proclaim peace," Frierson said. "There was no treaty because the south was vanquished and in the interval the country was in the same position as today. The court also held in the Spanish-American war that the protocol did not end the war but that it rested upon the proclamation of peace after ratification of the treaty."

WASHINGTON, Nov. 20—The life of war time prohibition was at stake before the Supreme Court today. Three cases involving the validity of the law were up for argument. These decisions are expected to be handed down several weeks before constitutional prohibition becomes effective. The prohibitionists have won in Chicago while the liquor interests have been victorious in Louisville and Providence.

The ablest attorneys that both sides could muster up were at it today. Elihu Root, of New York, probably will lead the fight for the liquor interests, assisted by noted Chicago lawyers. The prohibitionists have back of them the forces of the United States government since the Attorney General must defend all laws of Congress.

The federal court in Louisville issued an injunction restraining the revenue officers from prohibiting the removal from storage of several million gallons of distilled spirits. The Louisville judge held that war time prohibition was unconstitutional now because the emergency has ceased to exist. As a result whiskey is being sold in Kentucky at the risk of liquor companies. The New York decision held that both war time prohibition and the enforcement act are valid.

The government briefs in the case filed early today showed that the Department of Justice attorneys are standing back of Attorney General Palmer in the opinion that the state of war still exists and that the ban cannot be lifted. The liquor interests, however, will point out that the President vetoed the Volstead bill, declaring that the necessity for war time prohibition had ceased to exist.

closing of plants in the middle west for lack of fuel. In the south domestic consumers are being rationed on the basis of 1 per cent. Despite the optimistic view of officials of the Labor department that the differences would be settled within a few days, only a few of the 400,000 miners who struck on November 1, have gone back to work.

RATIFICATION DEFEATED

The defeat of the Lodge resolution of ratification was not unexpected. It was perhaps the extreme of the ideas of the reservationist. Its provisions were such that it drew the fire of all the administration artillery. It was an extremist program. The same can be said of the Hitchcock resolution which also failed. It was for unqualified ratification.

THE WAR ON PRICES TO BEGIN

The recent conference of District Attorneys with the Governor has resulted in steps being taken throughout the whole state to curb rising costs and bring some of the exorbitant profits out of the various necessities of life. Since the conference District Attorney Arnold has been quietly observing the price levels in Clearfield County and getting suggestions from representative men and organizations for members of the committee to handle the work of waging war on profiteers. Today he has announced the personnel of the committee and makes an appeal to every citizen to assist the committee by responding promptly to its calls for information. The personnel of the committee is exceptionally high and its deliberations will be marked by a spirit of fair play and justice to all. There is fertile ground on which to work and we have no doubt about the results to be obtained. The committee will issue statements to the public press from time to time as they delve into their work.

OUR STATE CONSTITUTION

So little has been said about the plan for a State Commission to study and recommend revision of the Constitution of Pennsylvania that the average man does not realize the importance of the body which is to be appointed shortly by Governor William C. Sproul and which will hold its sessions in Harrisburg. For years there have been discussions and plans to revise Pennsylvania's constitution and there are persons who are as insistent upon changing its provisions as there are folks who hold that it meets all requirements the way it is, although the number of the latter is growing less and less all the time. In the last five legislative sessions efforts to secure a new constitution have been made, but it was felt last winter because of conditions following the war that instead of providing for a convention that a commission be selected to make a study of the organic law of the Commonwealth just as commissions have been named to study workmen's compensation, old age pensions and health insurance for Pennsylvania. The members of the commission will have only recommendatory powers and serve without compensation. It is the Governor's plan to select a thoroughly representative body, which is one of the reasons why the appointments have not been made. It is said the appointments will be made within a few days.

COURT NOTES

L. D. McCall, Esq., has entered suit in the Prothonotary's office to recover \$499.54 from the A. R. Van Tassel Tanning Company of DuBois, which he alleges is due him for professional services rendered. The statement filed says the plaintiff was employed by the company to secure an adjustment of a corporation tax claim with the Adjutant General's office at Harrisburg and after a trip to the State Capital succeeded in reducing a \$2600 bill down to \$25. For this service he made a charge of \$500 plus \$38.74 traveling expenses. The tanning company paid him \$39.20 and refuse to dig up the balance hence the suit.

STATE D. A. R. CONFERENCE REPORTED AT LOCAL MEETING

The regular monthly meeting of the Susquehanna Chapter D. A. R. was held at the home of Mrs. Harry Pultord on West Front street Tuesday afternoon, November 18. It was unusually interesting on account of the reports given by the Regent Mrs. R. D. Swoope and Mrs. O'Laughlin on the recent conference in Pittsburgh, at which Mrs. Sparks, wife of the President of State College was elected.

The conference was held in the ball room of the William Penn hotel beginning November 11.

Three hundred and sixty one delegates were registered, seventy out of eighty seven chapters being present.

Mrs. Swoope made a splendid report at the conference and the members of Susquehanna Chapter who were present were justly proud of their regent. Mrs. Swoope was appointed chairman of the committee on resolutions which was quite an honor for the Susquehanna chapter.

Mrs. O'Laughlin gave an excellent report of the conference among other things mentioning the unveiling of a tablet at the old historical and famous Block House.

She also spoke of the various delightful social entertainments provided. The Susquehanna Daughters were also entertained by Mrs. A. T.

Powell formerly of Clearfield Mrs. Swoope having announced that she expected to spend the winter in the south the Daughters gave her a rising vote of thanks for the splendid record she has made as regent of the chapter, and for the gracious and interesting manner in which she has led the meetings and conducted the office.

42 CENTS OUT OF DOLLAR FOR FOOD GOES TO FARMER

'CHICAGO, Nov. 19.—The farmer gets 42 cents on every dollar paid by the average consumer for meat, milk, bread and potatoes, the Illinois Agricultural Association announced today after an investigation which led into the homes of small salaried men.

"What we wanted to find out," said Secretary D. O. Thompson, "is how much the consumer would be affected by a slight change in the farmer's prices.

"We find it would take a reduction of 75 cents a bushel on wheat to the farmer to make a reduction of one cent on a loaf of bread. It would take 48 cents off the farmer's price on 100 pounds of milk to make a difference of one cent a quart to the consumer."

Glass Of Salts Cleans kidneys

If your Back is aching or Bladder bothers drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer irritates, thus ending bladder weakness.

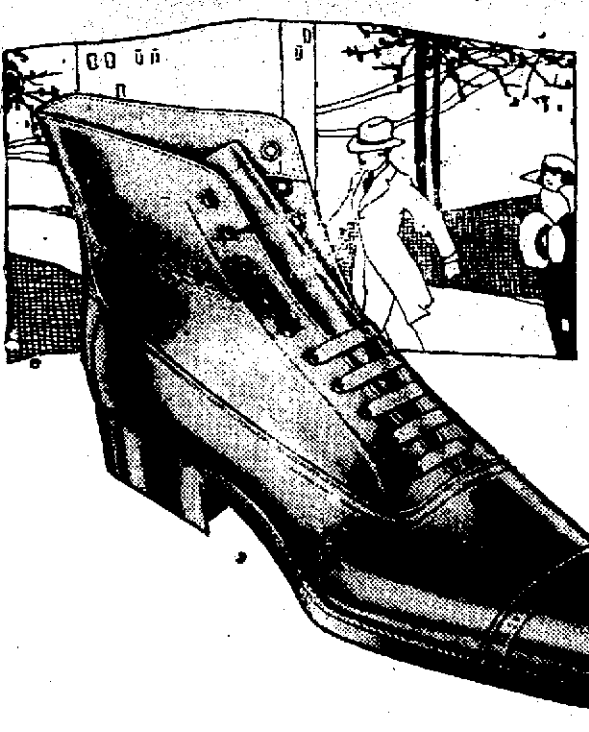

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

SPORT NOTES

Ted Block, middleweight champion of Michigan, who meets Johnny Gill, of Steelton at the Driggs Theatre on the afternoon of Thanksgiving Day is one of the coming young scrappers; the country and Clearfield fans will be given the opportunity of witnessing two of the country's best men at the middleweight limit in action on this occasion.

Block recently won the middleweight championship of Michigan from Frankie Brennan, outpointing the former champ in six fast and furious rounds, before the Detroit Athletic Club.

He also knocked out Mike Schubert of Denver, Col., in three rounds, won from John (K. O.) Colmans, of Toledo, the army champ, and won from Nip Howell of Dayton, Ohio, in four rounds.

Block is making a strong bid for championship honors in his class and comes to Clearfield confident of winning over Gill, the Steelton wonder.

The bout is scheduled for 2:30 P. M. Thanksgiving afternoon, and should attract a large crowd.

**THIS COLUMN FOR BOYS AND GIRLS AND PARENTS****The All Around****American Girl****An Evening of Mind-Reading**

BY MOLLIE PRICE COOK

A raw November evening! Blustering wind outside! The family gathered in the living room! Mother's mending handy; father's comfy things placed where he can reach them!

Get an accomplice—your sister or a friend. Fix a turban or band around her forehead. Announce your entrance to the living room by clapping your hands. Then introduce "Madam Baliboo, the great mystic mind-reader." "Madam Baliboo has just come from India, where she has learned to use her wonderful natural powers of mind reading from the magic of the Orient. Madam can read your minds and tell your innermost secrets. She will now leave the room while you pick out some object on which to rivet your thought. She will tell you what it is when she returns."

Get the family to decide upon something in the room. Ask them all to concentrate upon it and think of nothing else.

Call Madam Baliboo and question her about the object in any way you please. Point to different things, saying "Is it this? Is it that? Are these people thinking of this book? Of anything on the table, etc?" Madam will answer "No." But when you say "Now is it this?" even though the word "now" is ever so softly spoken, Madam answers "Yes" to the third question after. You must be sure to point then to the real object chosen. Now is the code word and your audience will never guess it if you handle the situation cleverly. This seems simple, but it is actually the key to very complicated stunts.

You may vary this idea, using another code word, or counting the second, fourth, fifth or tenth question after the code signal. All mind-reading stunts are tricks. Some are never guessed by outsiders, as they demand a wonderful memory.

One supposed mind-reader, for instance, learned all the coins in the British Museum in order to perform her coin-reading tricks and became known as a great telepathist. Your ingenuity will help you enlarge upon the suggestions here given. Always have a code word or signal which is not too pronounced—and change your signals every other time so they cannot be easily detected.

Have Dark Hair And Look Young

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients all ready for use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

Sports that**Boys Like****Punting**

BY T. E. JONES

The University of Wisconsin

Any boy can acquire accuracy and fairly good distance in punting by practice and study of form. Care should be taken early in the season to avoid too much practice, as the leg is liable to become sore and dead from overwork.

Remember that the punt is the greatest and best play in football. Accuracy, distance, and height are necessary.

The spiral punt is the one to learn. In this method the ball goes end first, reducing the friction, goes further, and is harder to catch.

Form

Get a good swing from the hip, straight leg, toe pointed. Emphasize height so that the ends will have time to cover the receiver. The center should aim to pass the ball at the punter's waist. The ball should be kicked well out from the body. There are two methods used:

1. On receiving the ball, the punter should be 10 or 12 yards back of the center, should receive the ball at the waist. Step back, then step backward with the left foot, then take a long step with the left for a kick.

2. A short step with the right, then a long step with the left and kick. The long step with the left foot is necessary to get a powerful kick.

The first method is the better as it is quicker and the kicker does not approach the defense.

Points in Competition

A study of wind conditions should be made. If punting with the wind, kick high to enable the wind to carry the ball further down the field. When against a strong wind, the ball should be driven low.

The punter should try to place the punt as far away from the best hand-

ler of punts as possible. He should regulate his punt in speed and height to suit the speed of the ends. It is well to punt the ball out of bounds when you can get the full distance. (Next week: "Drop-Kicking.")

ST. ANDREWS CONFERENCE THURSDAY AND FRIDAY

Owing to sickness and other unavoidable delays, it was impossible to have the Conference of the Nation Wide Campaign at the St. Andrews church last week. The Rev. Mr. Owen, Chairman of the diocesan Committee of the Nation Wide Campaign of Sharon, Pa., has, however, been fortunate enough to secure the services of the Rev. Dr. Martin Aigner, Chairman of the Standing Committee of the diocese of Erie, and the Rev. Dr. Albert C. Jones of Punxsutawney to conduct the conference. The program for the same will be as follows:

Conference Thursday at 3 o'clock P. M. and 7:30 P. M.

Conference Friday at 3 o'clock P. M. and 7:30 P. M.

The general public in addition to the communicants of the church will find these conferences both interesting and instructive, principally because they are dealing with the wonderful question of re-construction arising as a result of the World War and especially with reference to the position of the church, the revelation of Almighty God and the individual obligation. These three main points will be emphasized: Missions, Religious education and social service. Those of us who are awakened to the present possibilities will appreciate enlightenment and instruction on these wonderful subjects at the present time.

Gain Strength and Vigor rapidly on Vinol, our Cod Liver and Iron Tonic.

Vinol contains the very elements needed to replace weakness with strength, just as it did for this New York man.

"I am 71 years of age and got into a weak, run-down condition as a result of the grippe. Our druggist suggested Vinol to build me up and I noticed an improvement soon after taking it, and it has restored my strength so I can now do a good day's work. My wife has also taken Vinol for a run-down condition with splendid results."

NOTE:—Your leading druggist has for many years specially recommended Vinol because he knows there is nothing better than this famous Cod Liver and Iron Tonic to create strength and build one up. The formula of Vinol is on every label.

TREATY DECISIVELY VOTED DOWN

Effort To Declare
War With Germany
At End Also FailsTreaty Will Come Up Again At The
Next Session Of The Congress
Meeting December 1st

WAR TIME LAWS TO CONTINUE

WASHINGTON, Nov. 19.—After a desperate parliamentary struggle the Senate just before 10 o'clock tonight by a vote of 51 to 41, rejected the treaty of peace with Germany by defeating, for the second time, the Lodge resolution with the drastic reservations of the Foreign Relations Committee majority, which was opposed by President Wilson, who had written Senator Hitchcock that the reservations were not acceptable.

"The treaty is dead through the votes of the Democratic minority," said Senator Lodge. They stubbornly refused compromise when it could have been made. The opportunity was gone, once the Senate reached the voting stage."

This defeat of the treaty was brought about by the administration Democrats, aided by eight of the irreconcilables among the Republicans. Earlier in the night, the Senate, by a vote of 55 to 39, had defeated the Lodge resolution. It came up again, however, after various parliamentary moves during which the administration forces endeavored vainly to substitute resolutions embracing reservations of their own.

Immediately after the last vote, which spelt the doom of the treaty as far as this session of Congress is concerned, Senator Lodge, the majority leader, offered a concurrent resolution, declaring a peace to exist between Germany and the United States, this being done so as to pave the way for an independent treaty with Germany.

Inasmuch as the House had adjourned since the Lodge resolution had to go over until the next session of Congress, which meets December 1. The Senate after disposing of the treaty tonight, also adjourned sine die.

War-Time Laws Continue

One effect of the Senate's failure to ratify the treaty will be continuation of various war time laws and regulations, at least until the new session opens. Among these is the war-time prohibition act.

WASHINGTON, Nov. 20 — President Wilson is expected to submit the treaty at the next session of Congress starting December 1, in order to obtain its ratification. The treaty is dead today so far as this session is concerned. It went back to Wilson following its failure at ratification at the final session last night.

The Lodge resolution of ratification containing the reservations was turned down by a vote of 41 to 51.

The resolution of unqualified ratification was defeated 38 to 59.

Senator Hitchcock who summoned the administration forces last night declared today Wilson would submit the treaty at the next session.

LONE BANDIT DEFIES ALL ARMED
FORCES OF STATE OF WYOMING

MEDICINE BOW, Wyoming, Nov. 20.—Bill Carlisle was still at liberty early today. He has out-guessed and out-witted a troop of U. S. Cavalry, blood hounds, cow boys, armed railroad guards and civilian posses in his hold up of the Union Pacific Express to Los Angeles Tuesday night. Railroad officials were waiting today to see where he would break out next.

The last clue to Carlisle's whereabouts came from Casper, Wyoming, where he was reported to have entered a newspaper office and inquired how the chase was progressing. Robbers: Roost, a wild country near here, is being combed by the posse and the wilderness on the northwest is also being closely watched.

CHEYENNE, Wyo.—The biggest soldiers and sailors," convinced the man hunt in Wyoming's history was staged the hold ups. In three train U. S. Cavalry, assisted by twelve robberies in Wyoming in 1916, for armed posses, were on the trail of which he was sentenced to life imprisonment. Carlisle showed considerable for women and children. Carlisle in the recent hold ups, defied armed guards, who had been placed on the trains to capture him. One guard on the Los Angeles Express fired at him point blank but missed. Carlisle ransacked a special train on a siding, which had just been left by a posse in pursuit of him. Every train going through Wyoming yesterday carried armed guards on the look-out for Carlisle.

The bandit's statement, "I am not robbing old men, women, children, out for Carlisle."

DISTRICT ATTORNEY ARNOLD STARTS
MACHINERY TO COMBAT HIGH PRICESLAUNCH AMERICA'S
GREATEST SUPER
DREADNAUGHT TODAY
FOLLOWING CONFERENCE WITH HEAD OF
COMMONWEALTH A FAIR PRICE
COMMITTEE IS NAMED BY HIMMARE ISLAND, Cal., Nov. 20.—
America's greatest superdreadnought,
the California, was launched here to-
day.

Electrically driven and said to be proof against torpedoes and mines, the California represents the last word in naval perfection. She carries the greatest armament of any vessel in the world.

Mrs. Randolph Zane, widow of Major Zane, who died of wounds received in France christened the vessel. She is the daughter of Gov. Stephens.

The California has twelve 14-inch guns, four submerged torpedo tubes, 25 two-inch rapid fire guns, four 6-pounders, two 1-pounders, four 3-inch anti-aircraft guns and other guns of smaller caliber.

The ship will be manned by 1,022 men and 58 officers.

The keel of the California was laid October 25, 1916, but during the war work was diverted to smaller vessels to combat submarines. The work was rapidly completed after fighting ceased.

The dimensions of the ship are: Length over all 624 feet; breadth 96 feet; depth, 47 feet 2 inches; mean draughts 30 feet 5 inches; displacement, 32,000 tons. She will make 21 knots and has a normal fuel capacity of 1,900 tons.

The California is a veritable electrical ship. From firing of guns to ventilation, all is done electrically.

Her protection is said by naval experts to approximate 30 per cent. over the best pre-war battleships.

LUTHERANS WILL BANQUET
FATHERS AND SONS

The "Dads" and "Boys" of the Lutheran church are looking forward to Friday night, when they will gather around the festive board to conclude the Father and Son program, which was so ably presented last Sunday morning both in the Sunday School and Preaching Service. Wm. M. Rife of Huntington, Pa., a noted educator and lecturer, will supplement the program by an address of special interest to men and boys.

"The Willing Helpers" are in charge of the Banquet Table and that is sufficient proof that the inner man will be well taken care of.

Every Lutheran Father and Son who fails to be present, will miss a rare treat.

TREATY AFFECTS STOCKS

NEW YORK, Nov. 20.—Most lending issues opened lower on the stock market today following last night's treaty ratification failure. Crocodile however was up 5 points at 185 and American Locomotive up 1-4 at 92, and American Sugar up 1-8 at 133 5-8. United States Steel opened at 102 1-2 off 1, Central Leather at 94 1-4 off 1 1-4, General Motors at 304 off 5 7-8, United States Rubber at 114 off 2 3-4, and Bethlehem B. at 91 1-2 off 1.

ACCIDENT AT STEEL PLANT

Two men were injured in an accident at the Nickel-Alloys plant at Hyde City this afternoon. One man had a foot broken and a couple of fingers mashed while the other suffered several cuts and bruises.

REWARD OFFERED

A reward of five pounds of sugar will be given for information leading to the recovery of a standard six pound double bitter axe, taken from the office of the County Commissioners recently. If in line for the sugar notify the Commissioners' office. No questions asked.

ISSUES STATEMENT TO THE PUBLIC

The cost of living has advanced until it is well nigh intolerable. It contributes largely to a great unrest. Lessened costs means fewer strikes, for the burden of their protest is the cost to live. It has become a necessity that the cost of living be reduced if humanly possible.

With this in view the Governor of Pennsylvania acting with the Attorney General of the United States, has requested the District Attorney of each County to appoint a "Fair Price Committee", to investigate and state the fair prices of food stuffs.

The Mayor of DuBois is to appoint a separate Committee, and any Borough may do likewise if they desire. All the Committees will act in conjunction.

We want the sincere cooperation of the whole body of the people, and we believe that the force of public opinion will be back of the committee, as well as the Federal, State and County authorities.

After obtaining the facts and figures a Fair Price List will be issued.

The Governor suggests that the Fair Price Committee be composed of the County Food Administrator, a representative of organized labor, a wholesaler, a retailer and two housewives. But the sources of information will not be limited to the members.

Because of the frequent meetings necessary it becomes obligatory that the members live in one community.

The following "Fair Price Committee" for the County of Clearfield is therefore appointed, the District Attorney to be a member ex-officio thereof:

Chairman, Albert D. Bigler, Food Administrator for Clearfield County.

Walter W. Zerby, manager of Clearfield branch of Lauderbach-Zerby Co., wholesale grocers.

M. M. Overly, retail grocer, Clearfield, Pa.

Woods M. Neff, of the Brotherhood of Locomotive Engineers, Clearfield, Pa.

Mrs. L. D. McDowell, housewife, 902 E. Dorey street, Clearfield, Pa.

Mrs. Robert B. Lynn, housewife, 602 South Second Street, Clearfield Penna.

Validity Of Present Law

QUICK DECISIONS EXPECTED

WASHINGTON, Nov. 20.—Attorneys for the liquor interests and the government began their legal battle over the constitutionality of war time prohibition before the Supreme Court today.

The opening move was made on the request of Wayne Wheeler, counsel for the Anti-Saloon League who filed a brief in support of the government. This was granted by Chief Justice White. The court was crowded to capacity. Outside, a throng lined up for a block away and awaited admittance.

Elihu Root, Levy Fere and Wm. Marshal Bullitt were in court behind a mass of papers making the argument for the liquor interests.

Assistant Attorney General Frierson was ready to make the main argument for the government assisted by Solicitor General Clegg.

The Anti-Saloon League in its brief claimed that prohibition was necessary to the welfare of the country. "The breweries," he brief said, "were using sixty-four million pounds of sugar year, and enough grain to feed seven million people a year. The breweries in 1917 used three million tons of coal and required 3,500 teams and cars including 200,000 freight cars." Frierson made the opening argument.

Mayer, liquor attorney asked for more time for the argument at this was refused by Chief Justice White.

"Present circumstances," Frierson said, "have not ended the war powers of Congress and the emergency has not ended."

"Wasn't war time prohibition signed after the armistice?" Justice McReynolds asked.

"Yes Sir," replied Frierson.

"And you contend it was to exercise war powers."

"Yes sir, because the war is not ended until the treaty is adopted."

"Suppose that the treaty is never put into effect would you continue this forever?" McReynolds asked.

"It must be continued until there is some act of the President or Congress officially ending the war," Frierson replied.

"Wasn't the Civil war extended beyond hostilities and didn't the court hold that the war was not ended until the President's proclamation?" Chief Justice White interrupted.

"The hostilities of the Civil war ended in the spring of 1865 but the President did not proclaim peace," Frierson said. "There was no treaty because the south was vanquished and in the interval the country was in the same position as today. The court also held in the Spanish-American war that the protocol did not end the war but that it rested upon the proclamation of peace after ratification of the treaty."

WASHINGTON, Nov. 20.—The life of war time prohibition was at stake before the Supreme Court today. Three cases involving the validity of the law were up for argument. These decisions are expected to be handed down several weeks before constitutional prohibition becomes effective. The prohibitionists have won in Chicago while the liquor interests have been victorious in Louisville and Providence.

The ablest attorneys that both sides could muster up were at it today. Elihu Root, of New York, probably will lead the fight for the liquor interests, assisted by noted Chicago lawyers. The prohibitionists have back of them the forces of the United States government since the Attorney General must defend all laws of Congress.

The federal court in Louisville issued an injunction restraining the revenue officers from prohibiting the removal from storage of several million gallons of distilled spirits. The Louisville judge held that war time prohibition was unconstitutional now because the emergency has ceased to exist. As a result whiskey is being sold in Kentucky at the risk of liquor companies. The New York decision held that both war time prohibition and the enforcement act are valid.

The government briefs in the case filed early today showed that the Department of Justice attorneys are standing back of Attorney General Palmer in the opinion that the state of war still exists and that the ban cannot be lifted. The liquor interests, however, will point out that the President vetoed the Volstead bill, declaring that the necessity for war time prohibition had ceased to exist.

closing of plants in the middle west for lack of fuel. In the south domestic consumers are being rationed on the basis of 1 per cent. Despite the optimistic view of officials of the Labor department that the differences would be settled within a few days, only a few of the 400,000 miners who struck on November 1, have gone back to work.

RATIFICATION DEFEATED

The defeat of the Lodge resolution of ratification was not unexpected. It was perhaps the extreme of the ideas of the reservationist. Its provisions were such that it drew the fire of all the administration artillery. It was an extremist program. The same can be said of the Hitchcock resolution which also failed. It was for unqualified ratification.

THE WAR ON PRICES TO BEGIN

The recent conference of District Attorneys with the Governor has resulted in steps being taken throughout the whole state to curb rising costs and bring some of the exorbitant profits out of the various necessities of life. Since the conference District Attorney Arnold has been quietly observing the price levels in Clearfield County and getting suggestions from representative men and organizations for members of the committee to handle the work of waging war on profiteers. Today he has announced the personnel of the committee and makes an appeal to every citizen to assist the committee by responding promptly to its calls for information. The personnel of the committee is exceptionally high and its deliberations will be marked by a spirit of fair play and justice to all. There is fertile ground on which to work and we have no doubt about the results to be obtained. The committee will issue statements to the public press from time to time as they delve into their work.

OUR STATE CONSTITUTION

So little has been said about the plan for a State Commission to study and recommend revision of the Constitution of Pennsylvania that the average man does not realize the importance of the body which is to be appointed shortly by Governor William C. Sproul and which will hold its sessions in Harrisburg. For years there have been discussions and plans to revise Pennsylvania's constitution and there are persons who are as insistent upon changing its provisions as there are folks who hold that it meets all requirements the way it is, although the number of the latter is growing less and less all the time. In the last five legislative sessions efforts to secure a new constitution have been made, but it was felt last winter because of conditions following the war that instead of providing for a convention that a commission be selected to make a study of the organic law of the Commonwealth just as commissions have been named to study workmen's compensation, old age pensions and health insurance for Pennsylvania. The members of the commission will have only recommendatory powers and serve without compensation. It is the Governor's plan to select a thoroughly representative body, which is one of the reasons why the appointments have not been made. It is said the appointments will be made within a few days.

COURT NOTES

L. D. McCall, Esq., has entered suit in the Prothonotary's office to recover \$499.54 from the A. R. Van Tassel Tanning Company of DuBois, which he alleges is due him for professional services rendered. The statement filed says the plaintiff was employed by the company to secure an adjustment of a corporation tax claim with the Adjutant General's office at Harrisburg and after a trip to the State Capital succeeded in reducing a \$2600 bill down to \$25. For this service he made a charge of \$500 plus \$38.74 traveling expenses. The tanning company paid him \$39.20 and refuse to dig up the balance hence the suit.

JUSTICES-ELECT MUST NOTIFY PROTHONOTARY

There were forty-five Justices of the Peace elected throughout Clearfield county at the recent November election. The Act of 1911 requires that each Justice elect must notify the Prothonotary of the county in writing of his willingness to accept the office within 30 days of the election, and in the absence of such notice the office shall be declared vacant and no commission will be issued from Harrisburg.

All Justices-elect should bear this in mind and get their acceptance into the hands of Prothonotary Moore before December 4th next.

Beauty Of Skin Easily Restored By this Sulphur

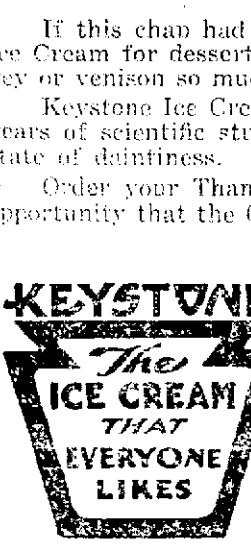

The moment you apply Mentho-Sulphur to an itching, broken out skin and the itching stops and healing begins, declares a noted skin specialist. You do not have to wait for case from torture or embarrassment. Improvement shows quickly. Only those who have had ugly, itching, burning skin eruptions, rash or pimples, can know the delight when this sulphur subdues the condition.

It is a simple, inexpensive treatment without tiresome, costly massages. Because of its parasite destroying properties, nothing has ever been found to take the place of this sulphur preparation. It never fails to check itching or irritation and heals eczema right up.

Any druggist can supply you with about two ounces of Mentho-Sulphur for a few cents. Apply it like any pleasant cold cream.

STATE D. A. R. CONFERENCE REPORTED AT LOCAL MEETING

The regular monthly meeting of the Susquehanna Chapter D. A. R. was held at the home of Mrs. Harry Pultord on West Front street Tuesday afternoon, November 18. It was unusually interesting on account of the reports given by the Regent Mrs. R. D. Swoope and Mrs. O'Laughlin on the recent conference in Pittsburgh, at which Mrs. Sparks, wife of the President of State College was elected.

The conference was held in the ball room of the William Penn hotel beginning November 11.

Three hundred and sixty one delegates were registered, seventy out of eighty seven chapters being present.

Mrs. Swoope made a splendid report at the conference and the members of Susquehanna Chapter who were present were justly proud of their regent. Mrs. Swoope was appointed chairman of the committee on resolutions which was quite an honor for the Susquehanna chapter.

Mrs. O'Laughlin gave an excellent report of the conference among other things mentioning the unveiling of a tablet at the old historical and famous Block House.

She also spoke of the various delightful social arrangements provided. The Susquehanna Daughters were also entertained by Mrs. A. T.

Powell formerly of Clearfield Mrs. Swoope having announced that she expected to spend the winter in the south the Daughters gave her a rising vote of thanks for the splendid record she has made as regent of the chapter, and for the gracious and interesting manner in which she has led the meetings and conducted the office.

42 CENTS OUT OF DOLLAR FOR FOOD GOES TO FARMER

CHICAGO, Nov. 19.—The farmer gets 42 cents on every dollar paid by the average consumer for meat, milk, bread and potatoes, the Illinois Agricultural Association announced today after an investigation which led into the homes of small salaried men.

"What we wanted to find out," said Secretary D. O. Thompson, "is how much the consumer would be affected by a slight change in the farmer's prices."

"We find it would take a reduction of 75 cents a bushel on wheat to the farmer to make a reduction of one cent on a loaf of bread. It would take 48 cents off the farmer's price on 100 pounds of milk to make a difference of one cent a quart to the consumer."

Glass Of Salts Cleans kidneys

If your Back is aching or Bladder bothers drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer irritates, thus ending bladder weakness.

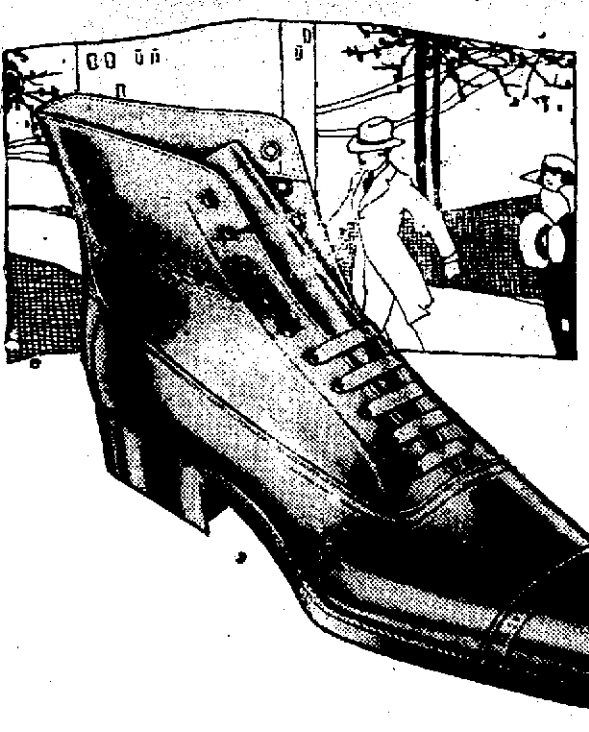

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

SPORT NOTES

Ted Block, middleweight champion of Michigan, who meets Johnny Gill, of Steelton at the Driggs Theatre on the afternoon of Thanksgiving Day is one of the coming young scrappers; the country and Clearfield fans will be given the opportunity of witnessing two of the country's best men at the middleweight limit in action on this occasion.

Block recently won the middleweight championship of Michigan from Frankie Brennan, outpointing the former champ in six fast and furious rounds, before the Detroit Athletic Club.

He also knocked out Mike Schubert of Denver, Col., in three rounds, won from John (K. O.) Colmans, of Toledo, the army champ, and won from Nip Howell of Dayton, Ohio, in four rounds.

Block is making a strong bid for championship honors in his class and comes to Clearfield confident of winning over Gill, the Steelton wonder.

The bout is scheduled for 2:30 P. M. Thanksgiving afternoon, and should attract a large crowd.

**THIS COLUMN FOR BOYS AND GIRLS AND PARENTS****The All Around****American Girl****An Evening of Mind-Reading**

BY MOLLIE PRICE COOK

A raw November evening! Blustering wind outside! The family gathered in the living room! Mother's mending handy; father's comfy things placed where he can reach them!

Get an accomplice—your sister or a friend. Fix a turban or band around her forehead. Announce your entrance to the living room by clapping your hands. Then introduce "Madam Baliboo, the great mystic mind-reader." "Madam Baliboo has just come from India, where she has learned to use her wonderful natural powers of mind reading from the magic of the Orient. Madam can read your minds and tell your innermost secrets. She will now leave the room while you pick out some object on which to rivet your thought. She will tell you what it is when she returns."

Get the family to decide upon something in the room. Ask them all to concentrate upon it and think of nothing else.

Call Madam Baliboo and question her about the object in any way you please. Point to different things, saying "Is it this? Is it that? Are these people thinking of this book? Of anything on the table, etc?" Madam will answer "No." But when you say "Now is it this?" even though the word "now" is ever so softly spoken, Madam answers "Yes" to the third question after. You must be sure to point then to the real object chosen. Now is the code word and your audience will never guess it if you handle the situation cleverly. This seems simple, but it is actually the key to very complicated stunts.

You may vary this idea, using another code word, or counting the second, fourth, fifth or tenth question after the code signal. All mind-reading stunts are tricks. Some are never guessed by outsiders, as they demand a wonderful memory.

One supposed mind-reader, for instance, learned all the coins in the British Museum in order to perform her coin-reading tricks and became known as a great telepathist. Your ingenuity will help you enlarge upon the suggestions here given. Always have a code word or signal which is not too pronounced—and change your signals every other time so they cannot be easily detected.

**Have Dark Hair
And Look Young**

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready for use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

Sports that**Boys Like****Punting**

BY T. E. JONES

The University of Wisconsin

Any boy can acquire accuracy and fairly good distance in punting by practice and study of form. Care should be taken early in the season to avoid too much practice, as the leg is liable to become sore and dead from overwork.

Remember that the punt is the greatest and best play in football. Accuracy, distance, and height are necessary.

The spiral punt is the one to learn. In this method the ball goes end first, reducing the friction, goes further, and is harder to catch.

Form

Get a good swing from the hip, straight leg, toe pointed. Emphasize height so that the ends will have time to cover the receiver. The center should aim to pass the ball at the punter's waist. The ball should be kicked well out from the body. There are two methods used:

1. On receiving the ball, the punter should be 10 or 12 yards back of the center, should receive the ball at the waist. Step back, then step backward with the left foot, then take a long step with the left for a kick.

2. A short step with the right, then a long step with the left and kick. The long step with the left foot is necessary to get a powerful kick.

The first method is the better as it is quicker and the kicker does not approach the defense.

Points in Competition

A study of wind conditions should be made. If punting with the wind, kick high to enable the wind to carry the ball further down the field. When against a strong wind, the ball should be driven low.

The punter should try to place the punt as far away from the best hand-

ler of punts as possible. He should regulate his punt in speed and height to suit the speed of the ends. It is well to punt the ball out of bounds when you can get the full distance. (Next week: "Drop-Kicking.")

ST. ANDREWS CONFERENCE

THURSDAY AND FRIDAY

Owing to sickness and other unavoidable delays, it was impossible to have the Conference of the Nation Wide Campaign at the St. Andrews church last week. The Rev. Mr. Owen, Chairman of the diocesan Committee of the Nation Wide Campaign of Sharon, Pa., has, however, been fortunate enough to secure the services of the Rev. Dr. Martin Aigner, Chairman of the Standing Committee of the diocese of Erie, and the Rev. Dr. Albert C. Jones of Punxsutawney to conduct the conference. The program for the same will be as follows:

Conference Thursday at 3 o'clock P. M. and 7:30 P. M.

Conference Friday at 3 o'clock P. M. and 7:30 P. M.

The general public in addition to the communicants of the church will find these conferences both interesting and instructive, principally because they are dealing with the wonderful question of re-construction arising as a result of the World War and especially with reference to the position of the church, the revelation of Almighty God and the individual obligation. These three main points will be emphasized: Missions, Religious education and social service. Those of us who are awakened to the present possibilities will appreciate enlightenment and instruction on these wonderful subjects at the present time.

Gain Strength and Vigor rapidly on Vinol, our Cod Liver and Iron Tonic.

Vinol contains the very elements needed to replace weakness with strength, just as it did for this New York man.

"I am 71 years of age and got into a weak, run-down condition as a result of the grippe. Our druggist suggested Vinol to build me up and I noticed an improvement soon after taking it, and it has restored my strength so I can now do a good day's work. My wife has also taken Vinol for a run-down condition with splendid results."
